

100% Fullblood Wagyu Sire

## Webbco Michiyoshi B113

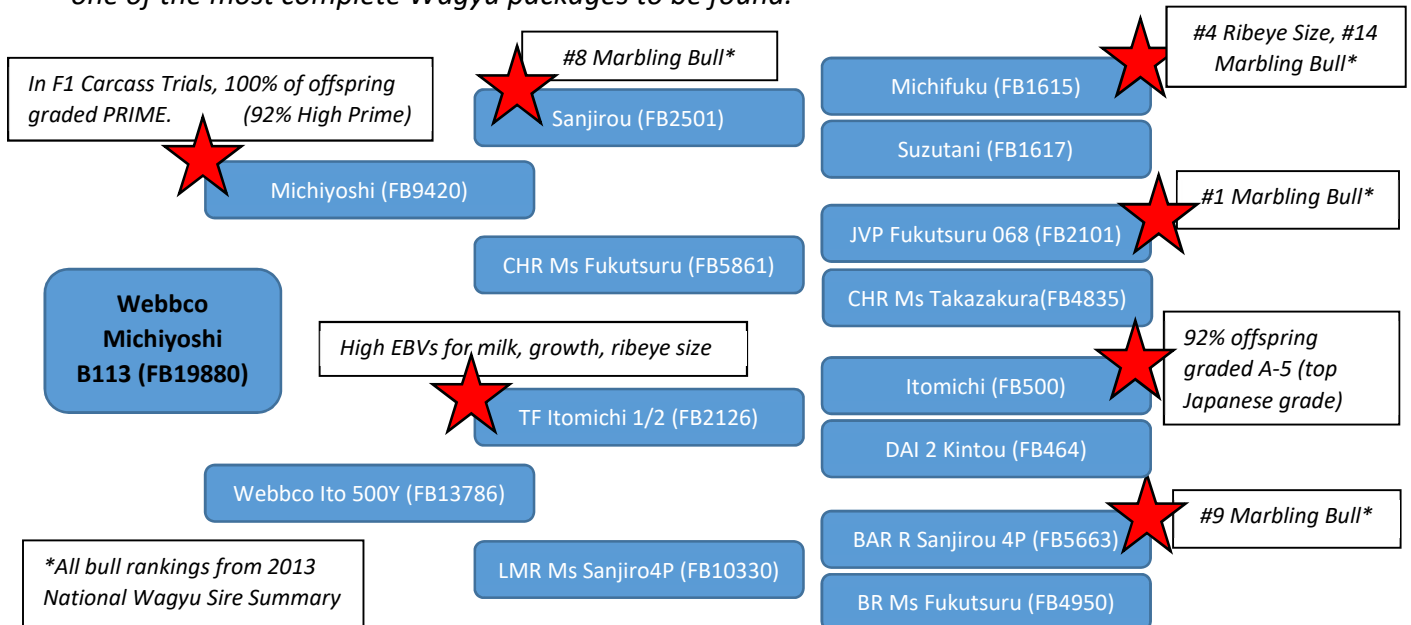

American Wagyu Association

Registration Number: FB19880

- DNA tested free of all recessive genes
- DNA tested SCD Fat Markers: **AA**
- DNA tested Tenderness Marker: **9**
- GH Exon 5 gene test: **BC**
- 68%+ Tajima heritage for excellent marbling
- Renowned Wagyu breed calving ease

*B113 is the perfect choice for both Fullblood and F1 production as a high Tajima bull with the coveted AA SCD Fat marker and a near-perfect 9 on his DNA verified Tenderness factor. This bull's pedigree is packed with the biggest names of the Wagyu breed: Michifuku, Sanjiro, Michiyoshi, JVP Fukutsuru 068, and Itomichi. His sire Michiyoshi is one of the top marbling and ribeye bulls of the breed. His Itomichi-bred, 1600lb dam brings growth and balance.*

*B113 is a long, thick, very stylish, docile bull who weighed 1200lbs at 20 months. He offers one of the most complete Wagyu packages to be found.*

Semen offered by **Whitesell Farms Wagyu**
